

# DURALAST™

industrial Australia's leading multi-purpose recycled rubber matting

Duralast Industrial recycled rubber matting offers the end user significant cost savings over virgin rubber matting. From horse floats to automotive uses, the Duralast Industrial range of thicknesses will cover every heavy duty application.

Duralast Industrial is available in thicknesses of 3mm, 5mm, 8mm and 10mm. All rolls are 1.2m x 10m.

## Benefits

- Superior slip resistance
- Durable and reliable
- Anti-fatigue properties
- Non-permeable 1000kg/m<sup>3</sup> density made from polymerically bound recycled rubber
- Can be adhered or loose laid
- Vibration dampening

## Applications

- Vibration dampening pads
- Industrial flooring
- Anti-fatigue matting
- Anti-slip matting
- Load securement friction matting for freight
- Acoustic control under concrete slabs
- Horse float flooring
- Truck & ute tray matting
- Mud flaps and ballast membranes
